20th September 2013

Dear Jaroslav,

On behalf of the Board and Council of EFOMP I would like to thank CAMP most sincerely for organising the recent EFOMP School for Medical Physics Experts.

We received a number of communications from people saying how much they had enjoyed the school and how it had benefitted their career.

We realise how much effort it takes to put on such an event and we are pleased that CAMP was prepared to do this.

Of course, the success of the school means that we will be approaching CAMP to put on a school next year.

Once again many thanks,

Best wishes,
