

Dear Madam/Sir

We have one position available for a Resident Medical Physicist at the American University of Beirut Medical Center, Beirut, Lebanon. It is a paid position. The program is a 2 year program given in English, and the academic curriculum followed is the one set by the IAEA. The advisor and supervisors are all ABR certified (American Board of Radiology, Therapy Physics). The equipment is state of the art: IMRT, IGRT, TBI, HDR, SBRT...

Please contact me if you have any junior candidates at the MS or PhD level that are interested.

thx

=====  
Wassim Jalbout, PhD, D.ABR/ABMP, MBA  
Head, Medical Physics section
