Dear colleagues,

It is our privilege to invite you to take part in the Third Conference on Medical Physics and Biomedical Engineering, which will be held in Skopje, Macedonia, 18<sup>th</sup> and 19<sup>th</sup> October 2013.

As a two-day program of events, that includes invited keynote lectures and selected oral and poster presentations, the Conference will provide a platform for sharing current developments and future trends in Medical Physics applied in Diagnostic Radiology, Nuclear Medicine, Radiation Therapy as well as Radiation Protection and Biomedical Engineering. The scope is broad and multidisciplinary, intended for a wide audience of medical physicists, radiologists, physicians, engineers and radiographers, as well as representatives of authorities and manufacturers. Non-governmental patient organizations and public relation and risk communication specialists are also invited to contribute.

We will put all our effort into providing you a memorable and successful conference. The opportunity of exploring the beauty of our nature and history is a reason more to join us in Skopje next October.
